

Autumn 3 2021: Online Passivhaus Designer course Nov/Dec 2021 all modules online

In response to the ongoing pandemic situation we have moved all our training sessions online. Our training team has worked hard to ensure that the new schedule maintains the quality and key elements that we pride ourselves on: peer interaction, in-depth knowledge sharing and one-to-one support.

We understand that many of you are working from home and juggling your work and family life alongside the training. With this in mind we have stretched out the learning timetable over a four-week period, focusing on half-day webinars, some self-study sessions and additional support sessions. Dates and further details are outlined below.

TIMINGS:

All sessions will take place in the afternoon from 1.00 – 5.00pm, except tutorials, the crit session, case studies and exam sessions.

MODULES:

Introduction session, 5th November

A short interactive session to ensure you are comfortable with all the software that will be used during the course.

ADDITIONAL SESSIONS AND SUPPORT:

Case studies, 18th and 29th November

Two lunchtime presentations during the course on projects the trainers have been involved with. Attendance is optional.

EXAM, w/c 13th December

The Passivhaus Institut are offering their exam online, in an open-book, 3 hour format, which can be taken at home. WE will run a separate pre exam checks session early in the week to ensure you have everything in place.

TRAINING FORMAT

Most sessions are live webinars taking place on Zoom, with some learning using a Moodle platform. All the details will be sent to delegates shortly before training starts. Additionally, extra support is provided throughout the course using Teams.
